Starting from January 1st, we kindly request that all clinical service payments be made in full at the time of booking. To facilitate this process, you can make payments through the following options:

1. Over the phone: Call your local centre to process payments.
2. Online: A secure payment link will be shared with you via email for convenient online transactions.
3. In-person: Cash payments are also accepted at the time of booking.

Additionally, we have adjusted our cancellation period to 72 hours. If a booking is cancelled with less than 72 hours' notice, we will be required to take full payment. In such cases, we will offer you a virtual appointment with your therapist as an alternative to an in-person session.

These policy changes are essential to reduce cancellation rates, mitigate the need for potential therapy fee increases, and ensure timely services for all children. We appreciate your understanding and cooperation during this transition.

We are very grateful for the kindness of those who help us fundraise, including our valued donors and funders who help us to raise over €1+ million per annum to enable us to bring these reduced cost services to families.
